

About Pivot Charter School

Pivot Charter School is a tuition-free, public, nonprofit charter serving grades 6–12 in the Brandon/Riverview community. For more than 13 years, we have built our school around caring for students and partnering with families—always delivering our services with passion, respect, and genuine warmth.

As a close-knit campus, we bring together personalized attention and the vibrant energy of a larger school. Our teachers know each student by name and lead the classroom with intention, using innovative technology to personalize learning and support student growth. Students benefit from hands-on projects, dual enrollment pathways, leadership clubs such as NHS and FBLA, and enriching field trips that spark curiosity and foster active participation. We also take pride in our Panther spirit, rallying around community events, buddy-mentor programs, and opportunities for every student to shine.

Accredited by Cognia, Pivot is committed to providing rewarding outcomes through a challenging curriculum and a holistic approach to enrichment. We ensure that every child feels supported—emotionally, academically, and socially—so they can reach their full potential and succeed. If you're seeking a school where students thrive in a caring, spirited community, Pivot Charter School is the right choice for your family.
